

IPEC UTILITY INTERNSHIP

Interested in working to provide clean and reliable electricity to your community?

Inside Passage Electric Cooperative (IPEC) is looking for interns who want to get experience working for a power provider. The position responsibilities and location are flexible depending on candidate interest, with special interest in two roles:

- A Juneau-based intern who wants to learn more about accounting or engineering
- An intern in Hoonah, Kake, Chilkat Valley, Angoon, or Klukwan who wants to learn about power plant operation and line work

Details

- \$20-24/hr, depending on role and experience
- Full or part-time for at least 3 months
- Must be 18+

How to apply

Send a description of interest and your resume to bshaw@insidepassageelectric.org

About IPEC

IPEC is a nonprofit, consumer-owned electric utility cooperative serving the rural Southeast Alaska communities of Hoonah, Kake, Chilkat Valley, Angoon, and Klukwan. It generates and distributes electricity from diesel and hydroelectric power plants to over 1,300 members. IPEC staff includes power plant operators, accountants, technicians, linemen, and engineers.
